**May 2024**

## **AGM REPORT 2024 - Milton Chan - Director of Rep Hockey**

### **Main Objectives:**

To continue to grow the Rep Program and provide our athletes with a positive, fun, developmental opportunity to grow as players and people. To ensure the process of the Rep Program is running smoothly. To ensure all coaches are developing and learning throughout the season.

### **Key Responsibilities:**

- Overseeing all coach hiring and mentorship
- Overseeing Rep Tryouts and Rep Program 2023/2024

### **Season Summary:**

- We would like to continue to find ways to make the tryout process more fair and transparent. Overall, all our teams had a great year in terms of development and enjoyment of the game, which is priority one for us.
- Many of our teams won tournaments and really pushed during President Series & Regular Season Standings
- Coaches seem to have minimal issues with parents, any issues that did arise were dealt with immediately. Only one time this year I had to step in. This shows that the expectations were set very clear at the start of the season with the Rep Program but also individual team expectations.
- Program wise, it was great to see all our Richmond Jets athletes constantly wearing their team hoodies and polos. This showed a much-needed increase in branding and culture!

Thanks,

**Milton Chan**  
**RJMHA Director of Rep Hockey**
